Annual Educational Conference Mobile App
Setting up Notifications

Allowing App Notifications

Allowing Push Notifications on iOS: (Figure 1)
1. From your device's home screen, tap Settings, then Notifications.
2. Find your event's app on the list "AttendeeHub" and tap its name. Switch "Allow Notifications" on.

Allowing Push Notifications on Android:
Note: Not all Android phones are the same. The directions below walk you through the most common operating system, Android 9.0.
1. Open your device's Settings app. Tap Apps & notifications.
2. Scroll down and tap See all apps. Find your event's app on the list “AttendeeHub” and tap its name.
3. Tap Notifications, then switch "Show notifications" from off to on

Checking Notifications
Stay up to date with the latest event news and announcements, like schedule changes, reminders, and contest winners.

1. Tap Event Guide.
2. Tap on the Bell in the top right-hand corner of the page.
